1. Click the “Your Account” link at the top of any page at ywampublishing.com.
2. Log in as a member with your e-mail address and password.
3. Click on “Your Downloads” to go to your media library.
4. Locate the title(s) you want to download and click “Download.”

How to Transfer E-books to Your Reader

While there are many different e-readers, here are some tips for transferring your YWAM Publishing e-books onto some of the most common ones.

Kindle

You can transfer your MOBI file from a computer to your Kindle via USB.

1. Download your MOBI file from the “Your Downloads” page at ywampublishing.com. Be sure you remember which folder you download your file to. You will transfer your e-book file from this folder to your Kindle.
2. Connect your Kindle to your computer with the USB cable. Your Kindle appears in the same location on your computer that external USB drives appear.
 - Windows: Your Kindle will appear in the Computer or My Computer folder.
 - Mac: Your Kindle will appear on the desktop.
3. Open the Kindle folder, and then open the “Documents” folder inside of that drive.
4. Locate the downloaded file on your computer, and then drag and drop the file into the documents folder in the Kindle folder.
5. Safely eject your Kindle from your computer, and then disconnect the USB cable.

(For more information and other ways to transfer files to your Kindle, login to Amazon.com and go to Your Account > Manage Your Content and Devices > Personal Document Settings.)

Nook

You can transfer your EPUB file from a computer to your Nook via USB.

1. Download your EPUB file from the “Your Downloads” page at ywampublishing.com. Be sure you remember which folder you download your file to. You will transfer your e-book file from this folder to your Nook.
2. Connect your Nook to your computer with the USB cable. Your Nook appears in the same location on your computer that external USB drives appear.
 - Windows: Your Nook will appear in the Computer or My Computer folder.
 - Mac: Your Nook will appear on the desktop.
3. Open the Nook folder, and then open the My Files > Books folder inside of that drive.
4. Locate the downloaded file on your computer, and then drag and drop the file into the documents folder in the Nook folder.
5. Safely eject your Nook from your computer, and then disconnect the USB cable.

Downloading Multiple Copies

If you purchased multiple copies of a single title, you may distribute the e-book file or audiobook files to up to that number of individuals, including yourself. Otherwise, e-book and audiobook purchases are for your own use only. Simply download the file(s) from the “Your Downloads” page and distribute the file(s). Note that only one copy of the file(s) will appear on the page.
